NOTES:
Please rasterize all type and keep all critical art within the cyan lines.

If you are going to create a board with a hole design, please make hole accent as large as possible with enough bleed outside of blue line.

Magenta is where our material will be cut.

Green line shows external bleed and should not have any critical art near it.

Include 1/8th bleed in art setup?:
-YES

Spot color match ability?
-YES

Edge to edge printing?
-YES

Imprintable areas
-FACE OF BOARD
